Harmon C. McAllister, Ph.D.
The Council For Tobacco Research-U.S.A., Inc.
900 Third Avenue
New York, New York 10022

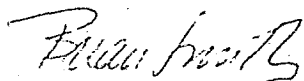

Dear Dr. McAllister:

I am delighted to acknowledge and accept with our most sincere thanks and appreciation your very generous contribution of \$2,500.00 in support of the FASEB summer research conference on "Cellular and Molecular Studies in Bone Marrow Transplantation" to be held July 16 through July 21, 1989 in Saxton's River, Vermont. We are extremely appreciative of your support of the conference which we hope will help establish the basic and clinical research agenda for marrow transplantation over the next year or two. The funds you have kindly provided will be used to defray the travel and reservation expenses for some of the speakers who are university based. If you would like to know the specific individuals for whom your funds will be used, please let me know.

Allow me to once again extend an invitation to the scientists of your organization who would be interested in attending this conference. Regular application procedures will be published in the FASEB journal as well as several other scientific publications around February, 1989, but we will also be sending you a specific invitation for your scientists around the same time.

Again, thank you very much for your generous support. We are looking forward to a successful conference this summer.

Sincerely,

Brian R. Smith, M.D.
Associate Professor of Laboratory Medicine
Internal Medicine and Pediatrics
Yale University School of Medicine
